ABOUT ME

Currently studying Video Game Development at Instituto Politécnico do Cávado e do Ave (IPCA). I'm extremely interested in Web Development, especially the front-end side. I'm seeking to further my knowledge and own my skills and there's no better way than to actually join a great team of developers and tackle projects together. Other than web development and video games, I also really enjoy reading, writting, drawing and music.

WORK EXPERIENCE

All Team   2023
Front End Developer

Summer internship where I mainly created components and bug fixing for existing projects using React and Storybook.

EDUCATION

Instituto Politécnico do Cávado e do Ave   2022 - Ongoing
